General Description:

A23900

Plate, flat, metal for capacitor, fixed, mica dielectric w/4 0.140 in. Diameter mtg holes @equally spaced at 50 degrees tolerance between any two holes not to exceed 0.2 degrees matl, insulation sheet, elec, natural muscovite mica, type nmss 0.006 porm 0.001 in. Thick per hh-i-536 silver coating both sides leaving 0.188 in. Margin around all holes and edges tested at 5000 vdc
