Overall Length:

0.375 inches

Overall Height:

0.406 inches

Overall Width:

0.562 inches

Capacitance Range In Picofarads:

+0.9/+7.0 single section

Nonderated Voltage Rating And Type:

175.0 dc continuous single section

Special Features:

Adjustment drive device is slotted screw

Terminal Type And Quantity:

2 printed circuit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A096a0
