**Terminal Quantity:**

4

**Mounting Method:**

Threaded holes

**Capacitance Value:**

9400.0 microfarads

**Capacitance Tolerance In Percent:**

-10.0/+75.0

**Component Quantity:**

2

**Component Controlling Agency:**

Data products

**Component Name:**

Fixed, electrolytic capacitor

**Component Identifying Number:**

102446-1 part no.

**Component Relationship:**

Connected matched pair

**Working Voltage Rating:**

75.0 volts

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T172-f
