General Description:

2 sections, capacitance 2.500 uf and 1.500 uf, tolerance +10pct and -5pct., voltage 300 vdc, insulation resistance 500 megohms min 100 v t-t and 1000 megohms min 500 v t-c, cylindrical case 81.0 mm length and 30.0 mm dia., 3 terminal solder tabs 8 mm length, screw clamp mounting bracket, 42 mm center to center of mounting holes

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:
