Terminal Quantity:

2

Terminal Type:

Solder stud

Mounting Method:

Screw

Capacitance Value:

150.0 microfarads

Component Quantity:

28

Component Controlling Agency:

General electric

Component Name:

Capacitors

Component Identifying Number:

-39003/01-2277 part no.

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T172-f
