Mounting Method:

Bracket

Capacitance Value:

0.39 microfarads and 1.0 microfarads

Capacitance Tolerance In Percent:

-10.0/+10.0

Component Quantity:

2

Component Controlling Agency:

Sperry univac

Component Name:

Fixed, plastic dielectric

Component Identifying Number:

7905064-110 part no. And 7905064-128 part no.

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T172-f
