Terminal Quantity:

8

Terminal Type:

Wire lead

Mounting Method:

Connector plug

End Application:

Alcm

Component Quantity:

4

Component Controlling Agency:

Arco/l dp, a division of loral corporation; s and ei manufacturing

Component Name:

Capacitor

Component Identifying Number:

Dm-10-271j part no. And dm-15-681j part no. And -39014/01-1354 part no. And 22u-a682j part no.

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
