Diameter:

0.875 inches

Unthreaded Mounting Hole Diameter:

0.135 inches single mounting facility

Accommodated Item Securing Device Type:

Spring clamp

Mounting Facility Type And Quantity:

1 unthreaded hole single mounting facility

Material:

Steel

Material Specification:

Qq-s-777, type optional federal specification single material response

Surface Treatment:

Cadmium

Surface Treatment Specification:

Qq-p-416, type 1, class 3 federal specification single treatment response

Style Designator:

Round clip

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A062a0
