**Diameter:**

0.875 inches

**Unthreaded Mounting Hole Diameter:**

0.135 inches single mounting facility

**Accommodated Item Securing Device Type:**

Spring clamp

**Mounting Facility Type And Quantity:**

1 unthreaded hole single mounting facility

**Material:**

Steel

**Material Specification:**

Qq-s-777, type optional federal specification single material response

**Surface Treatment:**

Cadmium

**Surface Treatment Specification:**

Qq-p-416, type 1, class 3 federal specification single treatment response

**Style Designator:**

Round clip

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**
