## **General Description:**

No

Nine capacitors: four capacitors, 100 mfd, porm 10 pct capacitance tolerance at 20 vdc: three capacitors, 180 mfd, porm 10 pct capacitance

| Thine capacitors, Tour capacitors, Touring, point to per capacitance tolerance at 20 voc, timee capacitors, Touring, point to per capacitance |
|---|
| tolerance at 20 vdc; one capacitor, 0.56 mfd, porm 10 pct capacitance tolerance at 50 vdc; turret type terminals; mtg bracket with four       |
| holes spaced 1.875 in. By 0.875 in. Center to center  |
