Terminal Quantity:

2

Terminal Type:

Threaded stud

Capacitance Value:

50.0 microfarads

Capacitance Tolerance In Percent:

-10.0/+10.0

Component Quantity:

2

Component Controlling Agency:

General electric, capacitor products dept

Component Name:

Capacitor, fixed, metallized, paper-plastic dielectric

Component Identifying Number:

26f6912fc part no.

Component Relationship:

Connected matched pair

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T172-f
