End Application:

An/gpn-20

General Description:

0.022uf capacitance, 15kv peak pulse, 30kv dc voltage, 225a peak amperage, 2000 pulse per second, 2 turret terminals, 4.500 in long, 3.440 in wide, 2.620 in high, mounten by 4 unthreaded holes, 0.380 in diameter, holes are 4.500 in center to center parallel to length, 2.94 in center to center parallel to width

Shelf Life:

N/a
