Mounting Method:

Plate

Component Quantity:

10

Component Name:

Capacitor, feed through

Component Identifying Number:

Mil-c-11693/7 drawing no.

Component Relationship:

Not matched

Special Features:

Each capacitor is attached to plate by threaded nut

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f

Mil-std (military Standard):

Mil-c-11693 spec.
