Mounting Method:

Screw

End Application:

Pacer special

Component Quantity:

4

Component Controlling Agency:

Grimes div.; midland-ross corp.

Component Name:

Resistor assembly

Component Identifying Number:

61-2874-1 part no.

Component Relationship:

Matched for resultant resistance

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
