Mounting Method:
Holes
Capacitance Value:
7000.0 picofarads
Component Controlling Agency:
Dowty avionics
Component Identifying Number:
185934 drawing no.
Electrical Connection Method:
Series
Component Relationship:
Matched to each other
Working Voltage Rating:
200.0 volts
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T172-f
