Terminal Type:

Pin

Overall Length:

1.250 inches

Overall Height:

0.580 inches

Overall Width:

0.062 inches

Capacitance Value:

9000.0 picofarads

Component Quantity:

27

Component Controlling Agency:

Teledyne systems company

Component Name:

Capacitor fixed ceramic

Component Identifying Number:

7138413 drawing no.

Component Relationship:

Matched to each other

Working Voltage Rating:

100.0 volts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
