Mounting Method:

Solder

Capacitance Value:

120.0 microfarads

Capacitance Tolerance In Percent:

-10.0/+10.0

Component Quantity:

6

Component Name:

Capacitor, fixed, electrolytic

Component Identifying Number:

-39006/25-0256h part no.

Component Relationship:

Connected matched pair

Working Voltage Rating:

100.0 volts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
