Capacitor Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5910-01-435-7747

#### **Capacitance Value:**

6600.0 microfarads

#### **Component Controlling Agency:**

Norden systems

## Component Name:

Fixed tantalum electrolytic capacitor

### **Component Relationship:**

Matched to each other

### Working Voltage Rating:

10.0 volts

Shelf Life:

N/a

Unit Of Measure:

#### Demilitarization:

No

---

# Fiig:

T172-f
