Overall Length:

2.880 inches

Overall Height:

2.160 inches

Overall Width:

1.310 inches

Component Controlling Agency:

Ronken industries, inc.

Component Name:

Capacitor assembly

Special Features:

Capaci type 2 medium frequency; voltage 1000 vp; 70 degrees c; case temperature; non-inductive, film-paper; non-pcb design; capacitor contains an internal pressure sensitive interrupter; aluminum finish

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
