End Application:

Apache ah-d64 helicopter

Product Name:

Metallized polyester capacitors

Special Features:

Between dielectric with standing voltage, 200% of rated voltage applied through a limiting resistance of 1000 ohms/volt duration of voltage stress shall be 15 seconds and 1 minute at 25 degrees c, temperature range minus 55 c to plus 85 c with full rated voltage applied

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A010b0
