Mounting Method:

Tab

End Application:

Seawolf class ssn

Component Quantity:

3

Component Controlling Agency:

Drs power and control technologies inc.

Component Name:

Electroytic capacitor assembly

Component Identifying Number:

34-3879 part no.

Component Relationship:

Connected matched pair

Special Features:

Consists of: mounting block 1ea, p/n 17-22870; capacitor 2ea, p/n 34-3313-13; miscellaneous hardware and wire

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
