Overall Length:

5.800 inches

Overall Height:

0.250 inches

Overall Width:

1.200 inches

Unthreaded Mounting Hole Diameter:

0.116 inches third mounting facility and 0.123 inches third mounting facility

End Application:

Patriot guided missile system

Product Name:

Retainer, capacitor assembly

Material:

Plastic

Style Designator:

Rectangular with/without mounting holes

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A062a0
