End Application:

5840-01-578-4122; radar set

Product Name:

Ceramic chip capacitor

Special Features:

Body length: 2.0 mm; body width: 1.25 mm; standard end metalization: tin-plate over nickel barrier; tape and reel packaging per eia481-1; rohs compliant; 100 volts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A010b0
