

View Online at <https://aerobasegroup.com/nsn/5910-01-591-7810>

Body Style:

Chip type

Special Features:

Operating temperature: -55 degrees celsius to +85 degrees celsiu (to +125 degrees celsius with voltage derating) termination finish: solder plate, voltage: 10v, capacitance tolerance: + or - 10% , weibull failure rate at %/1000h is 0.01

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A010b0
