**Body Style:**

Chip type

**Body Length:**

0.079 inches

**Body Width:**

0.049 inches

**Body Height:**

0.051 inches

**Product Name:**

Atc600f series ultra-low esr, high q npo rf and microwave capacitors

**Special Features:**

High q; lowest esr in class; highest working voltage in class - 250v; standard eia size: 0805; laser marking (optional); high self resonance frequencies.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A010b0
