Body Style:

Chip type

Body Length:

0.063 inches

Body Width:

0.032 inches

Body Height:

0.035 inches

Product Name:

Atc600b series ultra-low, high q esr, npo rf and microwave capacitors

Special Features:

Lowest esr in class; highest working voltage in class - 250v; standard eia size: 0603; laser marking (optional) rohs complaint; high self resonance frequencies.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A010b0
