Product Name:

Surface mount multilayer ceramic chip capacitor, high voltage x7r dielectric

Special Features:

Operating temperature range: -55 degrees cel to plus 125 degrees cel; voltage: 1500v; length: 0.126 inches; width: 0.063 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A010b0
