Body Style:

Chip type

Reliability Indicator:

Not established

Body Length:

0.110 inches

Body Width:

0.265 inches

Body Height:

0.110 inches

End Application:

Color multifunction display

Section Quantity:

1

Capacitive Electrode Material:

Tantalum

Product Name:

Capacitor, fixed, electrolytic (tantalum) chip

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A010b0
