End Application:

Rk-38

Special Features:

0.2 hz to 20.0 khz variable frequency range, +/- 5 pct calibration accuracy, 10 megohm input impedance. 50 ohms internal impedance. 0 to +50 degrees operating temp range, two connector type terminals. 3.500 in. H., 19.000 in. W., 13.688 in. Deep, encased

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
