Operating Temperature Range:

-55.0/+85.0 degrees celsius

Special Features:

Metal case; input voltage 100 to 130 vrms; freq range 380-420 hz; 62 degrees c maximum temp rise; insulation res 400 mego; wt 2-1/4 lbs; dielectric strength 1 kv rms; 3 0.138-32 nc thd stud input terminals; 2 0.164-32 nc thd stud output terminals; one 0.164-32 nc thd stud ground terminal; four 0.218/0.222 in. Diameter unthded mtg holes spaced on 5.000 in. X 2.440 in. Mtg cntrs; 5.660 in. Lg, 3.590 in. W, 2.150 in. H including mtg base plate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A512b0
