Electrical Filter Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5915-00-356-2171

Special Features:

A507h0

Ecapable of selecting 1 khz, 7 khz, 11 khz, 19 khz, only one of these five freq shall be selected at any one time, external connection for these freq shall be accomplished by a switch not supplied w/the filter, insertion loss 0.6 db max, 600 ohms impedance, -65 degrees f to plus 185 degrees f operating temp range; encased; 6 solder lug terminals; 2 no. 10/0.190 in./-32 thd mtg studs; 3.406 in.Lg; 1.438 in. W; 3.156 in.H incl mtg studs; inductance-capacitance type circuitry

min ring stage, industries superstance type circuity
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
