End Application:

F14 an/awg 9

Input Terminal Manufacturer Code:

81349

Input Terminal Identification:

M3922/59-8

Output Terminal Manufacturer Code:

81349

Output Terminal Identification:

M3922/53-3

Inclosure Type:

Encased

Mounting Facility Type And Quantity:

2 terminal

Insertion Loss At Reference Frequency Per Function In Decibels:

3.0 blank

Functional Terminal Type And Quantity:

2 circular flange input-output

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A047b0
