General Description:

Temperature range m40 degrees c to p65 degrees c, insulation resistance between case and terminal 1000 megohms , capacitance value 680 uuf, 1.688 in. Lg, 0.188 in. W, 3.937 in. H

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
