**General Description:**

Temperature range m40 degrees c to p65 degrees c, insulation resistance between case and terminal 1000 megohms , capacitance value 680 uuf, 1.688 in. Lg, 0.188 in. W, 3.937 in. H

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
