Reference Frequency Per Function:

220.0 gigahertz single high pass

Insertion Loss At Reference Frequency Per Function In Decibels:

3.0 single high pass

Specified Frequencies Of Discrimination Per Function:

30.00 megahertz single high pass and 70.00 megahertz single high pass

Frequency Band Width Per Function:

30.00 megahertz single high pass and 70.00 megahertz single high pass

Discrimination At Specificationified Frequencies Per Function In Decibels:

1.0 single high pass

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
