Overall Length:

4.000 inches

Body Width:

1.100 inches

Reference Frequency Per Function:

90.0 megahertz single low pass

Voltage Standing Wave Ratio Per Function:

1.5 single low pass

Insertion Loss At Reference Frequency Per Function In Decibels:

1.0 single low pass

Style Designator:

Rectangular terminal/terminals on opposite surfaces

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A047b0
