**Operating Temperature Range:**

-55.0/+85.0 degrees celsius

**Reference Frequency Per Function:**

159.5 megahertz single band pass

**Source Impedance Rating Per Function:**

50.0 ohms blank

**Voltage Standing Wave Ratio Per Function:**

1.5 blank

**Insertion Loss At Reference Frequency Per Function In Decibels:**

1.5 blank

**Frequency Band Width Per Function:**

136.60 megahertz blank and 182.50 megahertz blank

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A047b0
