Operating Temperature Range:

-55.0/+85.0 degrees celsius

Reference Frequency Per Function:

159.5 megahertz single band pass

Source Impedance Rating Per Function:

50.0 ohms blank

Voltage Standing Wave Ratio Per Function:

1.5 blank

Insertion Loss At Reference Frequency Per Function In Decibels:

1.5 blank

Frequency Band Width Per Function:

136.60 megahertz blank and 182.50 megahertz blank

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A047b0
