Overall Length:

1.260 inches

Overall Height:

0.375 inches

Body Length:

0.500 inches

Body Width:

1.840 inches

Unthreaded Mounting Hole Diameter:

0.093 inches

Operating Temperature Range:

-54.0/+125.0 degrees celsius

Inclosure Type:

Encased

Mounting Facility Type And Quantity:

2 unthreaded hole

Functional Terminal Type And Quantity:

4 connector, receptacle input-output

Style Designator:

Rectangular terminal/terminals on opposite surfaces

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A047b0
