Electrical Filter Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5915-01-375-1581

### Filter Quantity:

3

# **End Application:**

Ita for alq135

## Filter Type:

Radio interference

### **Assembly Construction Method:**

Leads soldered to terminals

#### **Special Features:**

Consists of solder, tin alloy; plastic sheet-poliamde (nylon) and mica insulation sleeving, electrical; insulating compound, electrical;

capacitors, reactors, and case, emi filter, assy

# Terminal Type And Quantity:

5 solder stud

## Shelf Life:

N/a

#### Unit Of Measure:

---

#### **Demilitarization:**

No
