**Storage Temperature Range:**

-65.0/+100.0 degrees celsius

**End Application:**

5895-01-299-3417 converter, signal data

**General Description:**

Four phase-tracking 150 mhz center frequency; 30 mhz bandwidth bandpass filters; matched 3 degrees and 0.5 db; material; nickel plated brass per qq-n-290, class i, grade d; each filter 2.000 in. Lg; 0.500 in. W; 0.700 in. H; terminal mounted; operating temperature minus 46 degrees c to plus 85 degrees c; shock resistant; moisture resistant; fungus resistant c g

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
