**Unthreaded Mounting Hole Diameter:**

2.250 inches

**End Application:**

A/0a-10 aircraft

**Inclosure Type:**

Encased

**Mounting Facility Type And Quantity:**

4 unthreaded hole

**Special Features:**

Is designed to shunt electrical noise/interference in the following circuits to ground: line 1-28vdc positionlight; line 2-200vac trigger coil; line3-450vac flashtube; line 4-28vdc covertline

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A047b0
