**Overall Length:**

19.000 inches

**Overall Height:**

7.000 inches

**Storage Temperature Range:**

-40.0/+50.0 degrees celsius

**End Application:**

Canadian tactical radar identification and location system

**Wattage Rating:**

50.000 watts

**Voltage In Volts And Current Type:**

28.0 dc

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
