Overall Length:

19.000 inches

Overall Height:

7.000 inches

Storage Temperature Range:

-40.0/+50.0 degrees celsius

End Application:

Canadian tactical radar identification and location system

Wattage Rating:

50.000 watts

Voltage In Volts And Current Type:

28.0 dc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
