Inclosure Type:

Encased

Product Name:

Filter multi-stage

Special Features:

Voltage rating: 115vac; line frequency: 60hz; current rating: 2x 2 amps; operating temp -30 to +70 c; line terminations d38999/20fc4pa;
load terminations: solder lugs; sealed metal casing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A047b0
