**Inclosure Type:**

Encased

**Product Name:**

Filter multi-stage

**Special Features:**

Voltage rating: 115vac; line frequency: 60hz; current rating: 2x13 amps; operating temp -30 to +70 c; line terminations d38999/20fe6pn;  
load terminations: solder lugs; sealed metal casing

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A047b0

**Mil-std (military Standard):**

Mil-prf-15733 spec.
