Overall Diameter:

0.385 inches

Special Features:

End item : an/ssq-12 (v) tactical exploitation system. Working voltage is 50v, current is 3a, capacitance (pf) 1500000, capacitance min (pf) 1500000, dc resistance maximum ohms 0.027, oper temp min -50 degrees celsius to 125 degrees celsius, lead end style flag, thread size 1/4-28, thread llength 0.187 inch.Item is hermetic sealed.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A507h0
