Overall Length:

2.540 inches

Overall Height:

0.750 inches

Overall Width:

2.350 inches

Body Length:

1.750 inches

Body Width:

1.250 inches

Unthreaded Mounting Hole Diameter:

0.188 inches

Inclosure Type:

Encased

Mounting Facility Type And Quantity:

2 unthreaded hole

Special Features:

End item: heater, hot water 440vac, 6.0kw , 5.0gal and a 440vac, 61.0kw, 140gal, rated voltage is 250vac max, 50/60hz, rated current 6amps, termination is quick connect

Style Designator:

Rectangular terminal/terminals on opposite surfaces

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A047b0
