Overall Length:

5.000 inches

Overall Height:

3.250 inches

Overall Width:

3.250 inches

Filter Type:

Radio interference

Special Features:

End item: rms sea type ii module, item is a 28 circuit i/o filter, 1 amp per circuit, 28vdc, connector j1 shall be used for input and connector j2 for output, chassis shall be steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A507h0
