Body Style:

Tube type

Terminal Material:

Brass

Terminal Surface Treatment:

Nickel

Overall Length:

0.500 inches

Overall Diameter:

0.562 inches

Case Material:

Fiber

Continuous Current Rating In Amps:

2.000

Maximum Voltage Rating In Volts:

2500.0 dc

Circuit Over-current Interruption Type:

Normal instantaneous

Interruption Indicator Method:

Opaque body

Features Provided:

Nonrenewable fusible element

Short-circuit/interrupt Current Rating In Amps:

100000.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01700
